

Kids Can Club™ Helping Mission Ideas – Helping Other Kids!

- **Collect outgrown and “no longer in play” kids’ sports gear and equipment and donate it to schools and kids’ sports organizations.**
 - With your Kids Can Club Coach, contact schools and organizations close by to see who needs the equipment.
 - Create a fun flyer about the collection (date, equipment needed, where it should be dropped off) and with your Coach, give the flyer to your neighbors. Also ask if you can post it at school and hand out copies in class.
 - Collect the equipment and deliver it with your Coach!
- **Create “We Care” art for childrens’ hospitals and medical centers near you.**
 - With your Coach, contact children's hospitals and centers to find out who to talk to about your Mission. Ask about their rules (what art they allow to be posted or given to patients and how it can be delivered).
 - Draw, paint, glitter and write caring cards and posters for patients who are facing challenging healing times!
 - Deliver the art with your Coach. Ask for some pictures of your posted pieces!
- **Host a Holiday Toy Collection Party**
 - With your Club Coach, find local organizations who collect holiday toys for kids, and ask what kinds of toys they need most.
 - Plan a simple party! With your Coach, pick a member who can invite friends and their families over for fun snacks and drinks and games. Everyone invited needs to bring some new toys for kids.
 - After the party, with your Coach, deliver the toys to the organization!
